

## Afternoon Breakout Sessions

### Adapters for In-line Ventilator Application of the Passy Muir® Valve

Observe the following and answer the questions below:

1. Two methods of connecting the PMV® 007 into ventilator tubing.
2. Two methods of connecting the PMV® 2001 into ventilator tubing.
3. **T/F** It is better to take the in-line suction catheter out of the ventilator tubing to attach the PMV® 2001.
4. **T/F** The 15/22 mm adapter is designed to safely attach the PMV® 007 to a t-piece type in-line suction catheter.
5. **T/F** The 22 mm silicone adapter can only be used with the PMV® 2001.
6. What adapter is required for placing the PMV® 2000 and PMV® 2001 in-line with the ventilator circuit?
7. What is the best location for placing the Valve in-line with the ventilator circuit?
8. Try placing a PMV in-line with one of the mannequins. Use both the purple and aqua Valves.
9. Can you use the suction catheter through a Valve?
10. Label the components of the ventilator connection illustrated below:
